G21. Jour
v89
ex2

GENERAL ALPHABETICAL INDEX.

NOTE.—Titles from Digest are indicated by (Digest); if merely references by (Digest, Ref.).

A.

Accident, Curious (Digest), 157
Accidents, Best method of treating (P. M. Dyer), 472
—— from high tension currents (Digest, Ref.), 296
—— Treatment in case of, 107, 356 (Digest), 110, 157, 296, 318 (Digest, Ref.), 157, 369, 478
Accumulator, Fery (Digest), 651
—— Mulden (Digest), 157
—— Peyrusson (Digest, Ref.), 157
—— Pollak (Digest, Ref.), 268
—— Schoop (Digest, Ref.), 83
—— Tauleigne (Digest), 14, (Digest, Ref.), 577
—— Tudor (Digest, Ref.), 408
—— bolts (Digest, Ref.), 503
—— Chemical theory of (Digest), 369, 478, 503, 544 (Digest, Ref.), 408, 449
—— chloride of lead, First mention of (Digest), 529
—— Chloride of lead, in England, 244
—— chloride of lead, Invention of (Digest), 181
—— impossibilities, 2
—— industry, 612
—— Lead dust (Digest), 529, 651
—— litigation: Accumulator Co. vs Edison Illuminating Co., of New York, 391, 412, 540
—— litigation: Brush Electric Co. vs. Electric Storage Battery Co., 236
—— patent, Faure (Digest, Ref.), 110
—— patents, Acquisition of, by Electric Storage Battery Co., 613, 635, 648
—— plate (Digest) 369
—— plates, Electro-chemical preparation of (Digest), 449
—— plates, Regeneration of (Digest), 239
—— Pocket (Digest), 625
—— Portable (Digest, Ref.), 267
—— Preparing solution for (Digest), 239
—— regulator (Digest, Ref.), 407
—— regulator, Poster-Vinay (Digest), 318
—— station (Digest), 577
—— stations in Berlin (Digest, Ref.), 674
—— station at Eccles (Digest, Ref.), 239
—— stations, Small gas engine (Digest), 650
—— traction (Digest), 13, 213 (Digest, Ref.), 60, 553
—— traction in mines (Digest), 527, (Digest, Ref.), 448
—— traction in Paris (Digest, Ref.), 267, 602
—— traction on ordinary roads (Digest), 83
Accumulators, Automatic switch for charging, Electric Bell & Resistance Co., 64
—— Commercial efficiency of (Digest), 239
—— Connection of plates of (Digest), 478, (Digest, Ref.), 578
—— Dynamos for charging (Digest), 36
—— Efficiency of (Digest, Ref.), 408
—— English patents for, and data regarding (Digest), 296
—— for central stations, 71
—— for traction purposes, A novel application of, in Chicago, 346
—— Future of, 566
—— Guaranteeing (Digest), 449
—— in power houses (Digest), 83
—— in the station of the N. Y. Edison Electric Illuminating Co., 185
—— Local action in (Digest), 625
—— under water (Digest), 675
—— used with motors (Digest), 267, 295
Actinometry, Electo-chemical (Digest, Ref.), 673
Action-electric phenomenon (Digest, Ref.), 623
Aerial Lines, Inductance in (Digest), 625
Aeronautics, Electricity in (Digest), 450, 529
Afterglow in Geissler tubes (Digest Ref.), 81
Agriculture, Electricity in (Digest, Ref.), 369
Air, Electrification of (Digest), 131, 265
Air-pump, Mercury (Digest, Ref.), 343
Alarm, Burglar (Digest, Ref.), 603
Alarm clock attachment (Digest, Ref.), 603
Alternate current working (H. J. Ryan), 360, 382, 461
Alternating current circuits, Regulating phase in (Digest), 448
—— curves (Digest, Ref.), 295
—— distribution (Digest), 181
—— motor system (Digest), 625
—— system, Monocyclic, General Electric Co., 371
—— systems (Digest, Ref.), 267
Alternating currents, Action of, on dielectrics (Digest), 447
—— Advantages of (Digest), 368
—— Analysis of (Digest), 265
—— Continuous from, 551
—— in a divided circuit (Digest, Ref.), 366
—— in direct current armatures and their bad effects on machines (G. J. Scott), 314
—— Some advantages of (S. P. Thompson), 208
—— Uni-directional from (Digest), 108
—— vs. direct (Digest), 267, 295
Alternator, Current curves of (Digest), 12
—— Huge, General Electric Co., 652
—— Ironclad, Fort Wayne Electric Corporation, 372
—— Kapp (Digest, Ref.), 295
—— Sine curve (Digest), 82, 212
Alternators and alternating current motors, Self-excited (Digest), 316
Alternators, Design of large (Digest), 406, 553, 576
—— E. M. F. and current curves of (Digest) 624
—— in parallel, Coupling (Digest), 61, 317, 527 (Digest, Ref.), 342, 476
Aluminium and its electrical metallurgy (Digest, Ref.), 268
—— Impurities of (Digest, Ref.), 181
—— industry, Obstacles in development of (Digest), 110
—— industry, Present state of (Digest), 61
—— leading-in wires (Digest), 650
—— plating (Digest), 110, 478
—— Production of Nauhausen plant (Digest, Ref.), 450
—— sulphide and clay as a source of aluminium (Digest), 577
Amateur's practical work, 16
American Association for the Advancement of Science, History of (W. H. Hale) 147
—— Forty-third meeting of, at Brooklyn, 143, 146, 169, 202
American Bell's policy of silence, 665
American Electro-Therapeutic Association, Programme of, 119, 121
—— Annual meeting of, 333
American Electrical Work's clam bake, 236
American Institute of Electrical Engineers: A commendable policy, 327
—— October meeting of, 461
—— November meeting of, 565
—— December meeting of, 660
American Manufacturers' Exhibition, 487
American Street Railway Association, Atlanta meeting of, 339, 413, 417, 425
Amidon Tool Corporation, corner brace, 113
Ammeter, Keystone Electrical Instrument Co., 531
—— and voltmeter for amateurs, How to make (G. E. Dunton), 285, 338
Ammeters and voltmeters for alternating currents (Digest), 266
—— and voltmeters, Registering (Digest, Ref.), 553
Amperion molecule, Energy of (Digest), 552, 649
Analogy: electrical difference of potential, (J. Waddell), 589, 672 (A. W. K. Pierce), 671
Analogies, Hydraulic (Digest, Ref.), 294
Analysis, Sources of current for (Digest), 675
Annunciator, Patrick & Carter Co., 160
Anode, Cheap insoluble (Digest), 344
Anodes, composite, Decomposing (Digest, Ref.), 675
Antwerp exhibition, (See Exhibition.)
Arc, Alternating current (Digest), 317, 367, 511
—— Constitution of (Digest, Ref.), 623
—— Continuous and alternating current (Digest), 527, 602, 650
—— Researches with (Digest), 576, 624
—— rotation of (Digest), 109
—— Starting an (Digest), 212 (Digest, Ref.), 294
Architect and the electrical engineer (K. Hall), 600
Arcing of 500-volt fuses, Destructive (W. E. Harrington), 474
Arc lamp (Digest), 406
—— Alternating current, General Electric Co., 410
—— Auerbach-Woolverton Electric Co., 373
—— Davy (Digest, Ref.), 132
—— Imperial Electric Lamp Co., 409
—— Lewis (Digest), 60
—— Mensing (Digest, Ref.), 213
—— Rushmore 88
—— Differential (Digest, Ref.), 367
—— Lantern (Digest Ref.), 553
—— Theatre (Digest, Ref.), 527
—— with two arcs (Digest), 367
Arc lamps, Alternating current (Digest), 12, 109
—— alternating current, Candle power of, 2
—— Alternating vs. continuous current (Digest), 343
—— in London (Digest), 60
—— Poles for (Digest), 602
—— Scientific study of (Digest), 674
Arc light carbons, alternating current, Consumption of (F. Bedell and A. C. Crehore), 613 (A. H. Bucherer), 672.
—— Consumption of, 659 (Digest), 476, 502
Arc light installation, Alternating (Digest), 83
Arc light regulator (F. H. Pember), 408
Arc light system, Double series (Digest), 448
Armature diameter and length, Best proportions of (M. H. Johnson), 287
—— discs, Machinery for manufacturing, E. W. Bliss Co., 159
—— Measuring self-induction of (Digest), 576
—— star, Mammoth, Siemens & Halske Electric Co., 18
—— winding (Digest, Ref.), 266
Armatures, direct current, Alternating currents in, and their bad effects (G. J. Scott), 314
—— Ventilating (Digest), 576
Asbestos, Magnetic properties (Digest), 447, 526, 575 (Digest, Ref.), 316
Ashley, Frank M., safety automatic gauge cock, 63
Association of Edison Illumination Companies, Boston meeting of, 172
Atlanta meeting of American Street Railway Association, 339, 413, 417, 425
Atlanta, Street railways of, 391, 441
Atlas Engine Works, heavy duty engine, 677
—— water tube boiler, 480
Atmospheric electricity (Digest), 131, 156, 237, 501
—— and solar radiation (Digest, Ref.), 213
Auerbach-Woolverton Electric Co., arc lamps, 373
Automatic Switch Co., elevator controller, 271

B.

Bacteriology, (Digest, Ref.), 14
Ball Engine Co., new vertical engine, 347
Balloon, Electrically driven (Digest), 240
—— struck by lightning (Digest, Ref.), 344
—— Trolley (Digest), 344
Banquet, Electrically cooked, 31
Bate refrigerator case: arguments before Supreme Court, 543, 588
—— Postponement of hearing of, 542
Baths, Testing (Digest), 450 (Digest, Ref.), 554
Battery, primary, Clark, when producing a current (Digest), 406
—— Coad (Digest, Ref.), 369
—— Leclanche (Digest), 603
—— Million (Digest), 63
—— Nassau Electrical Co., 63
—— Velvo (Digest), 343, 369, 408, 450
—— Western standard, 327
—— Western standard cadmium (Digest), 341
—— Cupron (Digest), 181
—— dry, Comparing, 228
—— Dry, Himmer, 89
—— dry, Lessing (Digest, Ref.), 268
—— Dry, Test of (Digest), 238
—— Gas (Digest), 603 (Digest, Ref.), 651
—— New (Digest), 267, 268
Batteries, Primary, for lighting (Digest), 83, 37
—— Spongy lead in (Digest), 529
—— Useful bi-products of (Digest, Ref.) 239
Bell, Bug proof, Central Electric Co., 300
—— Suggestion for, 279
Bells, Harmonic call (S. D. Mott), 287 (Digest), 529
—— Mechanically operated, M. J. Busby, 216
—— Porter, 183
—— with different sounds (Digest), 503
Belts, Electric, in England, 207
Berlin, Electricity in, 303, 310
Berliner telephone patent declared void, 635
Bernard Co., The E. G., electric alarm and pressure gage, 17
Bismuth in magnetic fields (Digest, Ref.), 266
—— in magnetic fields, Conductivity of (Digest), 552
Blackening of walls by conductors (Digest), 318
Bleaching, Electrical (Digest), 407
—— paper pulp (Digest) 603
Bliss Co., E. W., flexible frictionclutch, 579
—— machinery for manufacturing armature discs 159
Block signals, Hall system of, 319
Block system, Automatic (Digest, Ref.), 83
—— Tyler (Digest, Ref.), 603
Boats, Propulsion of (Digest), 650
Boiler, Water tube, Atlas Engine Works, 480
Boilers and engines, Efficiency of, 564
Board of Electrical Control, New York, 563
Bolometer, Edelmann (Digest), 36
Bolometric investigations (Digest, Ref.), 673
Books, Reviews of:
— Alternating Current Wiring and Distribution (W. Le R. Emmet), 111
— Annuaire de Association Suisses des Electriciens, 408
— Central Station Bookkeeping and Suggested Forms (H. A. Foster), 504
— Dictionary of Electrical Words, Terms and Phrases (E. J. Houston), 241
— Dynamo Attendants and Their Dynamos (A. H. Cibbings), 408
— Electrical Measurements for Amateurs (E. Trevert), 269
— Electrician's Manual of Diagrams (E. W. Smith), 270
— Electric Lamps and Electric Lighting (J. A. Fleming), 626
— Electric Light and Power (A. F. Grey), 675
— Electric Light Installations (D. Salomons), 185
— Electric Lighting Plants (W. J. Buckley), 626
— Electric Railway Motors (N. W. Perry), 626
— Electric Transmission of Energy (G. Kapp), 555
— Electricity, Electrometer, Magnetism and Electrolysis (G. Chrystal and W. N. Shaw), 504
— Electricity One Hundred Years Ago and To-day (E. J. Houston), 37
— Electromagnetic Theory (O. Heaviside), 478
— How to Become a Successful Electrician (T. O'C. Sloane), 269
— How to Build a One-Fourth Horse-Power Dynamo (A. E. Watson), 349
— How to Build a 1,000-Watt Alternating Current Dynamo or Motor (A. E. Watson), 349
— How to Build Dynamo-Electric Machinery (E. Trevert), 349
— How to Make and Use the Telephone (G. H. Cary), 270
— Johnston's Electrical and Street Railway Directory, 504
— Magnetische Kreise, Deren Theorie und Anwendung (H. du Bois), 530
— Mechanical Drawing (W. K. Palmer), 408

Books, Reviews of:
— Personal Recollections of Werner von Siemens, 396
— Pray's Steam Tables and Engine Constants (T. Pray), 349
— Progress in Flying Machines (O. Chanute), 270
— Quantitive Chemical Analysis (A.Classon; translated by W. H. Herrick), 556
Books, Reviews of. The Electrical Central Stations at Cologne and Amsterdam (C. Coerper translated by C. P. Feldman), 555
— The Magneto Hand Telephone (N. Hughes), 270
— The Mineral Industry (R. P. Rothwell), 318
— The Principles of Elliptic and Hyperbolic Analysis (A. Macfarlane), 15
— Thermo-Dynamics of Reversible Cycles in Gases and Saturated Vapors, 111
— Tramsways, Their Construction and Workings (D. K. Clark) 604
"Booster" on railway circuits, Use of 438
Bracket with fuse (Digest, Ref.), 407
Brady Mfg. Co., safety wire cutter, 159
Brake shoes, 440
Brakes, Electric, 304, 312 (Digest), 84
—— Power vs. hand, 473
Braking, Utilizing energy lost by (Digest), 317
Brandy, Ageing, electrically (Digest), 296
Brewery analysis (Digest, Ref.), 84
Bridge building, Application of electric power in (Digest), 240
Bridge, Thompson (Digest, Ref.), 448
British Association meeting at Oxford, 143, 146, 167, 171, 204, (Digest, Ref.), 241
Brombacher's Sons, Jacob, insulated pliers, 136
Buffalo's electrical carnival, Suggestions for (F. C. Perkins), 590
Bunnell & Co., J. H., trolley and trolley wheel, 215
Burglar alarm (Digest), 153
Busby, M. J., mechanically operated bells, 216
Business, Revival of, 192
—— situation, The, 191, 193
Buoy, Electric (Digest), 182, 240, (Digest, Ref.), 157, 450

C.

Cable, Atlantic, 109, 181, (Digest, Ref.), 478
—— Caledonian (Digest, Ref.), 83, 181
—— First direct New York, 281
—— for ships (Digest), 37
—— Pacific (Digest, Ref.), 109, 369, 478, 528, 651
—— signalling (Digest), 651
—— submarine, Thompson (Digest), 528
—— Underground, for low tension currents (Digest, Ref.), 83
—— working, Pupin system of, 97
Cables, Compensating (Digest, Ref.), 109
—— Localizing faults in submarine (Digest), 316, 527, 576, (Digest, Ref.), 342, 553
—— Submarine, of the world (Digest, Ref) 528
Cadmium, Electrical deposition of (Digest, Ref.), 296
Canadian Electrical Association, Montreal meeting of, 52, 303, 305
Canal boat propulsion (Digest), 477, (Digest, Ref.) 553
—— traction (Digest), 527, 674, (Digest, Ref.) 267
Canal tugboat, Electric (F. M. F. Cazin), 344, 452
Canals, Electricity on (M. W. Hasson), 4
Capacity, Inductance and, 304
and capacity of suspended wires (E. J. Houston and A. E. Kennelly) 6
Calorific phenomenon (Digest), 265
Calorimetric measurements (Digest, Ref.), 576
Carbon, Cored, litigation (Digest, Ref.), 60, 602
—— dioxide, Electricity from (Digest, Ref.), 265
—— Electro chemical relations of (Digest), 267
—— Retort (Digest), 14
—— Vaporization of (Digest), 649
Carbons, Alternating arc light (Digest, Ref.), 576
—— arc light, Diminishing consumption of (Digest), 476, 502
—— Consumption of alternating arc (F. Bedell and A. C. Crehore), 613, (A. N. Bucherer) 672
—— Consumption of arc, 659
—— Improved (Digest), 240
—— Increasing life of (Digest), 602
Carbonit-carborundum (Digest, Ref.), 626
Car Equipment Co., Johnston rail bond, 219
Carre, E., Biography of (Digest, Ref.), 61
Carriages, Electric (Digest Ref.), 650
—— Self-motive (Digest, Ref.), 318
Cathode rays (Digest), 265, 552, 649
—— Effect of, on salts (Digest), 623
—— Velocity of (Digest), 447
Cable roads, 488
Cell (See Battery)
Central Electric Co., bug proof bell, 320
—— new home of, 15
—— trolley wire clamp, 532
Central station, Altona (Digest, Ref.), 651
—— Arundel Castle (Digest, Ref.), 449
—— Bedford (Digest, Ref.), 651
—— Bolton (Digest, Ref.), 554, 577
—— Bradford (Digest, Ref.), 61
—— Budapest (Digest, Ref.), 181
—— Calais (Digest, Ref.), 477, 554
—— Cologne, Alternating current (Digest), 133
—— Dresden (R. Grimshaw), 469
—— Ealing (Digest), 407, (Digest, Ref.), 449
—— Glasgow (Digest, Ref.), 37
—— Halles (Digest, Ref.), 157,
—— Hampstead municipal (Digest, Ref.), 577, 603,
—— Manchester (Digest, Ref.), 181, 239
—— Melbourne (Digest, Ref.), 503
—— Nancy (Digest, Ref.), 407
—— Southport (Digest, Ref.), 577
—— Temesvar (Digest, Ref.), 368
—— Worcester (Digest, Ref.) 449, 477
—— Zurich (Digest, Ref.), 407
—— bookkeeping (H. A. Foster), 525
—— burned out 676
—— for drainage and lighting (Digest, Ref.), 343
—— in India (Digest, Ref.), 295
—— on the Pacific slope, 5
—— operation (Digest), 407
—— statistics (Digest, Ref.), 109
—— statistics for Austria (Digest, Ref.), 68
Central station statistics for Switzerland (Digest), 343, (Digest, Ref.), 651
—— German (Digest), 554
—— three-phase, Large (Digest), 181
Central stations and isolated plants, Comparison of (Digest), 528
—— Competition with, 1
—— Day load of (Digest), 651
—— for lighting, Designing (C. H. Carter), 551
—— Future of (Digest), 602
Central stations, Gas vs. steam for (Digest), 83, 109 153
—— General data on design of (Digest), 528
—— in Europe (Digest, Ref.), 554
—— in Germany (Digest, Ref.), 37, 61
—— in Paris (Digest, Ref.), 528
—— Lighting in (Digest, Ref.), 295
—— Municipal (Digest), 503
—— of Berlin (Digest), 477
—— of Chicago (C. Desmond), 29
—— run by gas engines (Digest, Ref.), 318
—— Various (Digest, Ref.), 157, 528
Charging for current, Various methods of (Digest), 238
Chemical analysis (Digest, Ref.), 625
Choking coils vs. resistances (Digest), 528
Christmas and electricity, 639
Chromium (Digest), 133
Chronograph (Digest, Ref.), 266
Circuits containing magnets, Opening (Digest), 266
Cleat, Self-locking, Nashold Cleat Co., 580
Clock, Self-winding, Edwards & Co., 604
Clocks, driven by alternating currents (Digest, Ref.), 503
Clutch, Flexible friction, E. W. Bliss Co., 579
Coal boats, Electric lighting on, Westinghouse Electric & Mfg. Co., 297
Coal cutter, Jeffrey Mfg. Co., 411
—— cutting machines (Digest, Ref.), 478, 503
Coast communication (Digest, Ref.), 239
Coils, Finding faults in (Digest), 35
Columbian University, Electrical engineering at, 263
Columbia Telephone Mfg. Co., telephone apparatus, 64
Come-along, Cope, Hubley Mfg. Co., 481
Commercial Electric Co., multipolar generators and motors, 627
Commutator lubricating compound, Knott Mfg. Co., 87
—— Mercury (Digest, Ref.), 449
Compounding of dynamos, Practical, 494 (G. T. Hanchett), 487
Compass, Electrical steering (Digest, Ref.), 84, 110, 344, 529
Condenser and feed-water heater, Volz, Wheeler Condenser & Engineering Co., 450
Condenser, Measuring capacity of (Digest, Ref.), 650
Condensers, Residual charges in, 303
—— Seat of electricity in (Digest), 265
—— Silk as a dielectric for (Digest), 132
—— Study of residual charges of, and their dependence upon temperature (F. Bedell and C. Kinsley), 314
—— with alternating current, Capacity of (Digest, Ref.), 316
Conductivity and pressure (Digest, Ref.), 649
—— and the dielectric constant, Determiation of (Digest, 673
—— balance (Digest), 406
—— Nature of (Digest), 81
—— Specific (Digest), 12
—— of salts in aethyl and methyl alcohols (Digest, Ref.), 81
Conductivities, Determining (Digest), 650
Conductors, Armored flexible (Digest, Ref.), 213
—— Laws regarding (Digest, Ref.), 318
Conduits, Iron armored insulating, Interior Conduit & Insulating Co., 39
—— Telescopic iron armored insulated, Interior Conduit & Insulation Co., 160
Conduits, Explosions in (Digest), 368
—— Stoneware (Digest, Ref.), 528
Controller, car, Edgecombe, 604
—— of currents, Automatic (Digest), 318
—— Primary battery, Cutler-Hammer Mfg. Co., 113
—— Street railway, Walker Mfg. Co., 505
Cooking, Electric (Digest), 37
Copper, Ancient methods of tempering (Digest, Ref.), 61
—— electrolysis in vacuum (Digest), 407
—— production of different countries (Digest, Ref.), 240
—— Specific resistance of pure (Digest), 108
—— zinc alloys, Resistance of (Digest), 265
Cord adjuster, George Cutter, 136
Cores, Hollow and cylindrical iron (Digest, Ref.), 180
Colgate Co., Geo. I., Keystone ammeter, 531
Corner brace, Amidon Tool Corporation, 113
Cosmic electricity, 460
Crane, Electric (Digest, Ref.), 214, 268
Current and lines of force, Rule for (B. S. Lampher), 595
—— curves, Recording (Digest), 294
—— indicator (Digest, Ref.), 529, 603
—— rapid changes in, Practical method of measuring (W. E. Harrington), 642
Currents in open circuits, dielectics and electrolytes (Digest), 366, (Digest, Ref.) 405
Cutler-Hammer Mfg. Co., primary battery controller, 113
Cutter, George, Combination windlass, 218
—— Cord adjuster, 136
Cut-out, Service end, Interior Conduit & Insulation Co., 556
Cut-outs, High tension, Hope Electric Appliance Co., 182
Crystals, Electrification of (Digest), 265
Cylinders, Magnetization of hollow (Digest), 447

D.

Damping (Digest, Ref.), 60
Dayton Globe Iron Works Co., turbine tests, 242
Death by electricity (Digest), 14, 71, 84
—— from electric shock, How to deal with apparent (A. H. Goelet), 229
Decimal system of weights and measures, 636
Deck planer, Portable electric (C. Dougherty), 38
Decomposition, Minimum E. M. F. of (Digest), 110
Depolarizer, New (Digest), 267
Dermatines (Digest), 503
Dielectric bodies in electrostatic fields, Movement of (Digest), 341
—— constants (Digest, Ref.), 265
—— constants and chemical equilibrium (Digest, Ref.), 294
Dielectric bodies in electrostalic fields, constants, Determinatiion of (Digest, Ref. 405),
—— Magnetic (Digest, Ref.), 341
—— polarization of liquids (Digest, Ref.), 265
Dielectrics (Digest), 447 (Digest, Ref.), 601
—— Action of alternating currents on (Digest), 341, 366, 447 (Digest, Ref.), 405
Diffusion, Electric (Digest, Ref.), 265
Digest for 1894 (Digest), 675
Discharge, Equation of (Digest, Ref.), 212
—— phenomenon, New (Digest), 257
—— Spectrum of (Digest, Ref.), 265
—— through an orange (Digest), 294
—— through gases (Digest) 265
Diselectrification of bodies by light (Digest, Ref.), 180
Dissociation, Heat of (Digest), 405
Distribution, Continuous current, at high voltage (Digest), 239
—— from sub-stations, 252
—— with equalization of P. D. (D. H. Keeley), 365
Drainage and lighting, Combined plant for (Digest, Ref.), 343
Door opener, J. J. Jones & Son, 220
Drill, Motor driven radial, Lodge & Davis Machine Tool Co. 89
Dry cell (See Battery)
Dunstan, K. J. Biography and portrait of, 353
Dyes, Purification of (Digest), 408
Dynamo, Alternating current, Fort Wayne Electric Corporation, 136
—— and turbine combined (Digest, Ref.), 673
—— and motor, Amateur 16
—— armature, Measuring self-induction of (Digest), 576
—— brush, New (Digest), 407
—— brush, Poland, 413
